FOUNDING DOCUMENT

HerSoccerex

Together, we move the game forward.

HerSoccerex is a community of women who influence the game, women building their careers, and the allies who can open doors for both. We come together with a shared purpose: turning those relationships into tangible opportunities.

We measure our success by what becomes possible because we were in the same room.

This document sets out who we are, what we stand for, and what we are building together.

Together, we move the game forward.

HerSoccerex exists to turn the collective influence of women and their allies into meaningful relationships, career opportunities, business growth, and lasting progress for women across the soccer industry.

Our direction is clear, and our community is open to players, executives, entrepreneurs, and every other part of the industry.

To connect, elevate, and empower women across the soccer industry by building a powerful community where relationships create opportunity, business gets done, and collective influence advances women on the pitch, in the boardroom, and beyond.

Our mission rests on three pillars.

Connection

Opportunity

Impact

About HerSoccerex

HerSoccerex is a growing community of women and allies shaping the future of soccer. Built on the global reach and relationships of Soccerex, it brings together industry leaders, executives, entrepreneurs, athletes, agents, and emerging professionals to build meaningful connections that lead to real opportunities.

Through curated gatherings, mentorship, business introductions, strategic partnerships, and shared experiences, HerSoccerex creates a space where relationships grow, careers advance, businesses thrive, and women gain greater influence across the game.

Our inaugural Founding Table brings together a select group of 35 women whose experience, leadership, and vision will help shape the future of this community.

Each founding member is invited to help define what HerSoccerex becomes, bringing her experience, relationships, resources, and influence to the work. The direction is set. The details are ours to build, together.

OUR FOUNDING PROMISE

HerSoccerex is a community we're building together, and everyone at the table has a role in shaping what comes next.

05 OUR STRATEGIC PRIORITIES**WHAT WE'RE BUILDING****I****Connect**

Build a trusted, influential network that brings together established leaders, emerging talent, and allies across every level of the soccer industry.

II**Create Opportunity**

Facilitate business introductions, commercial partnerships, mentorship, career opportunities, and investment conversations that produce measurable results.

III**Support the Whole Person**

Help women thrive throughout their careers and beyond through well-being, professional development, career transitions, and access to trusted resources.

IV**Advance the Industry**

Use the collective voice, expertise, and influence of the community to expand opportunities for women in leadership, business, and every part of the game.

06 OUR FOUNDING QUESTION**THE INVITATION**

“What could we accomplish together that we couldn't accomplish alone?”

This question guides everything we do. It asks women with influence how they want to use it, and it gives women seeking opportunity a voice in what this community needs to become.

*The Founding Table is where the community begins.
What we build together will define HerSoccerex.*
